Planning and Analysis-DL

## OVERVIEW

Norwegian Cruise Line's Caribbean vacations take you to some of the most relaxing and desirable destinations the world has to offer with 7-day cruises from Miami, Charleston, Houston, and New Orleans. With eight ships and seven ports of embarkation, you will discover more choices than ever with NCL's Caribbean.

You can sail aboard the Norwegian Sun, purpose-built for NCL's revolutionary Freestyle Cruising, on an exciting 7-day Western Caribbean cruise from Miami during the winter and spring. Or sail away on the sparkling New Norwegian Jewel and visit the ancient Mayan worlds on a cruise through the Exotic Western Caribbean or enjoy your time in the exciting Eastern Caribbean. In addition, The Norwegian Dream also sails a 7-day Texaribbean itinerary in the winter and spring season from Houston.

In addition, if you prefer a getaway closer to home, the Norwegian Majesty offers 7-day Western Caribbean cruises from Charleston, one of NCL's newest Homeland Cruising ports. Also, the spectacular Norwegian Dawn will offer special 10- and 11-day Eastern and Western itineraries roundtrip from New York.

In the summer of 2006, the Norwegian Spirit will offer 6-day Florida and Bahamas itineraries and 8-Day Bermuda & Eastern Caribbean itineraries from New York.

This manual is designed to assist sales managers and travel agents alike in marketing NCL to the consumer, and showing them the many benefits that NCL has to offer. New ships, a fresh and contemporary cruise product, homeland and exotic itineraries, first-class service, travel agent friendly policies, and a commitment to innovation – these are just a few of the many reasons to be associated with NCL. The following pages cover NCL's Caribbean product in detail, and should be used as a supplemental brochure reference tool.

## CARIBBEAN

### Summary

NCL is expanding its Caribbean presence in 2005 like never before. With eight ships sailing the crystal blue waters of the Caribbean and a variety of unique Caribbean itineraries from seven different cities (Miami, Philadelphia, Boston, Charleston, Houston, New Orleans, and New York), NCL is positioned to offer vacationers an experience filled with relaxation, adventure, fine dining, and more.

### Description of Ports

#### Basseterre, St. Kitts

The tiny capital of Basseterre sits on the edge of a wide bay backed by green hills, and is home to nearly half the population of St. Kitts. The city's name, which means 'lowland', is one of the few remaining traces of French settlement on the island. The dominant European influence in Basseterre, however, is overwhelmingly British, reflected in the buildings and even the layout of its streets.

Although most of Basseterre's historic buildings perished in a fire in 1867, there are a number of Victorian stone block buildings topped by wooden second stories. These are decorated with fancy latticework and gingerbread trim. Independence Square is a small public park with a central water fountain; its earlier role as the city's slave market is a reminder of the island's harsh colonial past. Flanking the square is the twin-towered Immaculate Conception Cathedral, dating back to 1927. Some of the city's history can be seen at the St. Christopher Heritage Society that displays historic photos, Amerindian conch-shell tools, and pottery shards.

## Belize City, Belize

Dabbling its toes in the Caribbean Sea, Belize has more in common with its island neighbors than with the fiery volatility of the rest of Central America. Belize City has a distinguished history, a handful of sights, and astonishing energy. The 60,000 people of Belize City represent every ethnic group in the country, with the Creole descendants of former slaves and Baymen forming the dominant element, generating an easy-going Caribbean atmosphere that can serve as the perfect getaway from the stresses of modern urban life.

Although Belize has only one brand of beer, it compensates with some of the best diving in the world, dramatic Mayan ruins looming out of untouched jungle, and secluded ecolodges catering to the most sedentary adventurers.

## Boston, Massachusetts

Boston is as close to the Old World as the New World gets, an American city that proudly trades in on its colonial past, having served a crucial role in the country's development from a few wayward pilgrims right through the Revolutionary War. A faded relic anywhere else becomes a plaque-covered tourist sight here – but none of it detracts from the city's overriding historic charm, nor its present-day energy. Indeed, there are plenty of tall skyscrapers, thriving business concerns and cultural outposts that are part-and-parcel of modern urban America, not to mention excellent mergers of past and present, such as the redeveloped – and bustling – Quincy Market, a paradigm for successful urban renewal. True, nowhere else will you get a better feel for the events and personas behind the birth of a nation, all played out in Boston's wealth of emblematic and evocative colonial-era sights. However, the city's cafés and shops, its attractive public spaces, and the diversity of its neighborhoods – student hives, ethnic enclaves, and stately districts of preserved townhouses – are similarly alluring.

As the undisputed commercial and cultural center of New England, Boston is the highlight of any trip to the region, truly unmissable because almost every road in the area leads to it. Boston is also the center of the American university system – more than sixty colleges call the area their home, including Harvard, in the neighboring city of Cambridge – and it enjoys a youthful buzz. This academic connection has also played a key part in the city's long left-leaning political tradition.

Downtown really begins with Boston Common, a large public green that holds either on or near its grounds many of the city's most historical sights, including the State House, Old Granary Burying Ground, and Old South Meeting House. Nothing, however, captures the spirit of the city better than downtown's Faneuil Hall, the so-called "Cradle of Liberty." On the other side of I-93 from the marketplace is the North End, which occupies the northeast corner of the peninsula. Aside from being the city's Little Italy, it's home to Old North Church and the Paul Revere House. North of the Common are the vintage gaslights and redbrick Federalist townhouses that line the streets of Beacon Hill, the city's most exclusive residential neighborhood. Charles Street runs south from the Hill and separates Boston Common from the Public Garden, which marks the beginning of Back Bay. This similarly well-heeled neighborhood holds opulent row houses alongside modern landmarks like the John Hancock Tower, New England's tallest skyscraper. Kenmore Square and Fenway are home to the Museum of Fine Arts, the Isabella Stewart Gardner Museum and Fenway Park, and spreads out west of Massachusetts Avenue and southwest along Huntington Avenue. Across the Charles River from Boston is Cambridge, site of the area's best nightlife, café scene and, above all, the ivy-covered walls of Harvard University.

## Bridgetown, Barbados

With a gorgeous location beside the white sand beaches of Carlisle Bay, busy, modern Bridgetown is the capital and only city of Barbados. One of the oldest cities in the Caribbean, founded in 1628 by a tiny

group of British settlers, it is home to around 40 percent of the island's population (some 100,000 people). The town is situated around an inlet, carved by the Caribbean Sea, which became known as the Careenage.

The centre of activity is the Careenage, parking place for numerous sleek yachts overlooked by the Barbadian parliament and a rather forlorn and out-of-place statue of Admiral Nelson. A number of the island's main religious buildings are within five minutes' walk of here, including St. Michael's Cathedral and the Jewish synagogue, both erected on the sites of their mid-seventeenth century originals. Just north of the city are a couple of rum factories that you can tour (you'll usually be given a snifter or two to enhance the visit), while Tyrol Cot is an unusual nineteenth-century house that was home to two of the island's leading post-war politicians, Sir Grantley Adams and his son Tom Adams.

Southeast is the historic Garrison Savannah, where the British Empire maintained its Caribbean military headquarters from 1780 to 1905. It is an evocative place; the huge grassy savannah, today a racecourse and public park, was once the army's parade ground. The ranks of brightly colored buildings around its edge were all used for military purposes; a couple of them now house the Barbados Museum and the Barbados Gallery of Art, both of which deserve a visit.

### **Cancún, Mexico**

Cancún has become Mexico's calling card to world travelers because it perfectly showcases both the country's breathtaking natural beauty and the depth of its thousand-year-old history. Simply stated, Cancún is the reason why most people travel to Mexico. The sheer number of annual travelers to Cancún underscores the magnetic appeal of this resort on Mexico's eastern coast, with almost three million people visiting this enticing beach resort annually--most of them on their first trip to the country. The reasons for this are both numerous and obvious.

Cancún offers an unrivaled combination of high-quality accommodations, dreamy beaches, and a wide diversity of shopping, dining, nightlife, and activities nearby, with most offered at exceptional values with easy air access. There is also the added lure of ancient cultures evident in all directions and a growing number of eco-oriented theme parks.

No doubt about it--Cancún is the peak of Caribbean splendor with translucent turquoise waters and powdery white-sand beaches, coupled with coastal areas of great natural beauty. However, Cancún is also a modern mega resort. Even a traveler feeling apprehensive about visiting foreign soil will feel completely at home and at ease here. English is spoken, dollars are accepted, roads are well paved, and lawns are manicured. Malls are the mode for shopping and dining, and you could swear that some hotels are larger than a small town. Travelers feel comfortable in Cancún. You do not need to spend a day getting your bearings because you immediately see familiar names for dining, shopping, nightclubbing, and sleeping. You will run out of vacation days before you run out of things to do in Cancún. Snorkeling, jet skiing, jungle tours, and visits to ancient Maya ruins or modern ecological theme parks are among the most popular diversions. Cancún's luxury hotels have pools so spectacular that you may find it tempting to remain poolside. Nevertheless, set aside some time to simply gaze into the ocean and wriggle your toes in the fine, brilliantly white sand. This is, after all, what put Cancún on the map.

### **Charleston, South Carolina**

If the Old South still lives throughout South Carolina's Low Country, it positively thrives in Charleston. All our romantic notions of antebellum days – stately homes, courtly manners, gracious hospitality, and, above all, gentle dignity – are facts of everyday life in this old city, even though there are a few scoundrels here and there, including an impressive roster of pirates, patriots, and presidents.

Its history may be dotted with earthquakes, hurricanes, fires, and Yankee bombardments, but Charleston remains one of the best-preserved cities in the Old South. It boasts 73 pre-Revolutionary buildings, 136 from the late 18th century, and more than 600 built before the 1840s. With its cobblestone streets and horse-drawn carriages, Charleston is a place of visual images and sensory pleasures. Tea, jasmine, and wisteria fragrances fill the air; the aroma of she-crab soup (the local favorite, a version of cream-of-crab soup) wafts from sidewalk cafes; and antebellum architecture graces the historic cityscape.

In its annual reader survey, *Conde Nast Traveler* consistently names Charleston as the fourth top city to visit in America, ahead of such perennial favorites as New York, Seattle, and San Antonio. Visitors are drawn here from all over the world – in fact, it is now quite common to hear German and French spoken along with English on the streets.

Charleston is and always has been a city of culture, exemplified by the paintings of Elizabeth O'Neill Verner, the decorative ironwork of Philip Simons, and even Ira Gershwin's *Porgy and Bess*, and most definitely by the internationally renowned Spoleto Festival USA.

### **Costa Maya, Mexico**

In search of adventure? This unspoiled coastal paradise in the Yucatan sprawls off the beaten path from the Mayan ruins of Tulum to the Belizean border. Brilliant butterflies, exotic tropical birds, deer, monkeys, even jaguars are said to roam the remote parts of this pristine jungle. While not far from shore you will find mile after mile of historic shipwrecks and coral formations, much of them virtually unexplored.

### **Cozumel, Mexico**

Cozumel is the original Caribbean destination in Mexico, a top cruise-ship port of call in the Americas, and one of the world's top five dive destinations. Despite all this acclaim, Cozumel remains a laid-back island with an easy-going outlook and the kind of hospitality for which Mexicans are famous.

The largest island in the Mexican Caribbean, it is located just 12 miles offshore from Playa del Carmen, a 45-minute, \$7 ferry ride away. Only 3% developed, this 28-mile long, 11-mile-wide island still has vast stretches of pristine jungle and uninhabited shoreline. The only town is San Miguel de Cozumel, usually called just San Miguel.

The island offers all the necessities for a great vacation: excellent snorkeling and scuba places, sailing and water sports, expensive resorts and modest hotels, international restaurants and local taco joints, and even a Maya ruin or two. Shopping is extensive, with many duty-free stores selling jewelry, perfumes, and designer wares. If after a while you do get restless, the ancient Maya city of Tulum, the lagoons of Xel-Ha and Xcaret, or the nearby village of Playa del Carmen provide convenient and interesting excursions.

### **George Town, Grand Cayman**

Once a pirate stronghold and haven for deserters from Oliver Cromwell's army, British Grand Cayman today is charming, prosperous and utterly civilized. George Town is the capital, and therefore the hub of

government, banking, and shopping. Even though the famous Seven-Mile Beach is actually closer to six miles long, every inch of its golden sand is a treat. Here, guests will be able to relax and sun on white powdery sand, and enjoy a relaxing, exotic Caribbean experience.

In addition to duty-free shops filled with fine English porcelain and crystal, the marvelous marine park system alone makes a visit here worthwhile. The Cayman Islands boast some of the best wreck diving in the world, making it a paradise for avid snorkelers and divers.

### **Great Stirrup Cay, Bahamas (NCL's Private Island)**

This unspoiled paradise of white sandy beaches and coconut palms is home to lizards, seagulls, neon-colored fish, and a few very fortunate guests of NCL. For this is our own private island. Snooze in a hammock under a shady palm tree. Learn to snorkel in a peaceful cove where tropical fish weave around equally colorful coral and sea fans. Dance the limbo and enjoy a beachside barbecue. Circle the island in a kayak or sailboat. This is the life!

## Houston, Texas

Houston, founded by two New Yorkers as a real-estate venture in 1836, is the largest and most cosmopolitan city in Texas. Houston's economy is now diverse and robust, and has spawned a downtown revival. A 50-mile-long ship channel links this inland city with the Gulf of Mexico, making it the third-largest seaport in the United States.

The city, which encompasses a land mass more than half the size of the state of Rhode Island, is also a university town, and home to a fine symphony and respected ballet and opera companies. A major branch of America's space program is here--Disney teamed up with the National Aeronautics and Space Administration to create the dazzling Space Center in Houston.

Take a trip around the globe without ever leaving Houston. The Houston International Festival, the city's official celebration of visual and performing arts, draws a million people and spans 20 city blocks. On festival weekends, Houston's downtown is filled with ethnic food booths, arts and crafts, kiosks, and other interesting exhibits--all in an open-air market atmosphere. More than 1,800 performers take to the festival's outdoor stages. Themed entertainment zones present performances from the United States, Africa, the Caribbean, Latin America, and elsewhere. The World Music Stage continues to be home for the best Afro-pop and other international music (a festival specialty), as well as healthy doses of Cajun music, reggae, rock, jazz, gospel, and the sounds of Texas. Finally, an arts market in each entertainment zone, plus a special "Avenue of Artists," will feature works by 2,000 international artists. The festival also features global fare from 50 top local restaurants. The Specialty Beer Garden and the Wine Café also offer relaxation and refreshment.

## Key West, Florida

Key West's locals, or "conchs" (pronounced "conks"), and the developers here have been at odds for years. This once low-key island has been thoroughly commercialized – there's a Hard Rock Cafe smack in the middle of Duval Street and thousands of cruise ship passengers descending on Mallory Square each day. It is definitely not the seedy town Hemingway and his cronies once called their own.

Laid-back Key West still exists, but it is now found in different places: the backyard of a popular guesthouse, for example, or an art gallery, or a secret garden, or the hip hangouts of Bahama Village. And, of course, there are always the calm waters of the Atlantic and the Gulf of Mexico all around.

The heart of town offers party people a great time. Here, you will find good restaurants, fun bars, live music, rickshaw rides, and lots of shopping. Don't bother with a watch or tie – this is the home of the perennial vacation!

### King's Wharf, Bermuda

After the American War of Independence, the British were no longer able to use ports in their former American colonies, so they chose this site on hilly Ireland Island at the western tip of Bermuda as their 'Gibraltar of the West.' It served as a dockyard facility and re-supply depot for ships heading between Nova Scotia and the British West Indies. The fort was built between 1814 and 1863 by nearly 10,000 convicts who were quartered in unspeakable conditions on prison ships stationed in the deepwater cove.

The fort is built of limestone blocks in Georgian style and was first used by the British navy as a base to launch their raid on Washington, DC, in 1814. It later served as a North Atlantic base during both World Wars but was abandoned as a costly outpost in 1951. Since then, the buildings have been renovated and given a second life. The dockyard now includes the fascinating Bermuda Maritime Museum, located in the fort's former keep, an atmospheric pub, a movie theatre, a craft market, and the Bermuda Snorkel Park.

### Miami, Florida

When one arrives in Miami, one hears Spanish, Portuguese, Creole, French, and Italian as a matter of course. Once in Miami, visitors find a curious mix of Caribbean immigrants, orthodox Jews, retirees seeking easier winters, models, actors, artists, wealthy real estate moguls, and movie executives, as well as an already diverse crowd of long-time Floridians, black descendants of Bahamian railroad workers, Native Americans, and Hispanics. The city is a virtual mosaic of colors, sounds, and scents.

Through its many incarnations, two Miami characteristics remain constant-- predictable year-round warmth and its location on a peninsula pointing emphatically toward so many other nations. Known as "The Capital of the Americas," Miami serves as Latin American and international headquarters for hundreds of multinational corporations, including Norwegian Cruise Line.

Encompassing both the mainland and the barrier islands of Miami Beach, Greater Miami boasts about two million residents and hosts more than nine million visitors annually. They come for different reasons. Some are drawn by the sea and surf; some for the outrageous nightlife; others for the business opportunities; still others can't get enough of the natural wilderness right in the city's backyard.

The evolution of America's southernmost metropolitan region--from a simple playground to a vibrant cosmopolitan city--has not been achieved at the expense of the area's celebrated surf and sand. Despite Miami's quick transformation, the almost complete absence of heavy industry has left the air and water relatively unpolluted. Miami is not just a beach vacation, however--visitors find high-quality hotels, distinctive restaurants, unusual attractions, some quality cultural offerings, incredible nightlife, and excellent shopping.

## Montego Bay, Jamaica

Montego Bay is Jamaica's second city in size and importance, but it is the island's tourism capital. It boasts the most hotel accommodations, the most transport facilities and is, in fact, a cosmopolitan holiday center, offering a wide choice of amenities.

Montego Bay is divided into three fairly distinct parts. There is the city itself with its crowded streets. There is the "hotel area" which is the mile-and-a-half strip running from the town, past the celebrated Doctor's Cave Beach and out to the Dead End Bar. Thirdly, there are the outlying hotels and villas on beach or hillside. City streets are crowded, colorful and lively. Country folk flock in to visit markets, shops and banks. Guests from hotels and cruise ships make their way to in-bond shops and Crafts Markets. Enjoy its noisy, untidy, lively Caribbean charm. Architecture is a mixture of last-century "gingerbread" wooden houses interspersed with modern buildings, many of which harmonize because Georgian facades never really went out of fashion.

Sam Sharpe Square, a pleasant cobblestone hub of activity, is roughly the center of the town where there stands the Cage, formerly a jail for runaway slaves, and the ruins of the Courthouse. City Center, in true Jamaican tradition, is not the center of the city, but it is the center of in-bond shopping where all the major in-bond stores are situated. The main Crafts Market is close to Sam Sharpe Square, but there are two smaller ones in the hotel area.

There are a number of other shopping arcades in Montego Bay where visitors can shop for souvenirs: St. James and Fantasy Plazas are situated in the hotel area and Montego Bay Plaza is on the waterfront in town. Further afield lies the Montego Freeport Shopping Center and the Blue Diamond Plaza. Holiday Village, in front of Holiday Inn, is the largest shopping center in Montego Bay, with an extensive selection of in-bond stores, including the "Lady Godiva Shop," all within easy walking distance. It also boasts an art gallery.

Montego Bay's original claim to resort fame was the fabulous Doctor's Cave Beach that attracted celebrities and socialites from all over the world. The Beach is supposedly fed by mineral springs and it certainly rejoices in the most uncommonly clear and sparkling water.

## Nassau, Bahamas

Located just 600 feet off the north shore of Nassau, Paradise Island is a favorite vacation spot for East Coast Americans, celebrated for its white-sand Paradise Beach. Now the priciest real estate in The Bahamas, the island once served as a farm for Nassau and was known as Hog Island. Purchased for \$294 by William Sayle in the 17th century, it cost AP grocery chain heir Huntington Hartford \$11 million in 1960. He decided to rename the 4-mile-long sliver of land Paradise.

In addition to its beaches, the island boasts beautiful foliage, including brilliant red hibiscus and a grove of casuarina trees sweeping down to form a tropical arcade. Long a retreat for millionaires, the island experienced a massive building boom in the 1980s. Its old Bahamian charm is now gone forever, lost to the high-rises, condos, second homes of the wintering wealthy, and the gambling casino that have taken over.

For those who want top hotels, casino action, Vegas-type revues, some of the best beaches in The Bahamas, and a posh address, Paradise Island is the place to be. Its natural beauty makes it a choice vacation spot nonetheless, perfect for a quick 3- or 4-day vacation.

The centerpiece of Paradise Island is the mammoth Atlantis Paradise Island Resort & Casino, which comprises two towers, the Paradise Club and the Paradise Island Casino, offering gaming enthusiasts a true Las Vegas style resort with the sunshine, surf, and great seafood of the Caribbean.

## New Orleans, Louisiana

This is one of the few cities in America (if not the only one) where you do not feel as if you are in America. It may sound cliché to call New Orleans magical and seductive, but it's the truth. Every one of your senses is engaged from the moment you arrive. The city is a visual delight, from the lacy ironwork wrapped around the buildings of the French Quarter to the stately, graceful old homes of the Garden District to the giant oaks that stretch across Esplanade Avenue or drip with ghostly Spanish moss in City Park. To call New Orleans picturesque is not doing it justice. Music flows from every doorway or is played right in the street. Jazz, Cajun, blues, whatever--you'll find yourself moving to a rhythm, and the very streets seem to dance along with you. There are delicious smells in the air, which seems to carry a whiff of the Caribbean. The moist, honeyed air caresses your skin and almost seems alive.

This is a city that is fully, totally alive. It's sensual and joyous, decadent but not exploitative. Indulgences are many but for the right reason--they are fun. This is a city where every business entirely closes for Mardi Gras; after all, "carnival" roughly means "farewell to flesh." No one's going to say good-bye to such things (as if they ever really do) without a big party.

We tell people that all we do when we go to New Orleans is eat, drink, listen to music, dance, and walk. That's it. And you can do just that for days without getting bored. That's the kind of town New Orleans is. In fact, that may be the simplest way to sum up its appeal--which is not an easy task. For years, countless authors have tried to explain its gestalt. You could fill entire bookcases with New Orleans-based or -inspired literature, some written by natives, even more by authors who came for a visit and never left.

## New York, New York

Welcome to New York City – the only city on the planet brazen enough to call itself "The Capital of the World." New York has never been subtle, self-effacing, or coy. This is the Muhammad Ali of cities.

The city is so mutable, so constantly changing, that it is almost impossible to get a fix on. Restaurants and nightclubs become trendy overnight, and then die under the weight of their own popularity. Fashions, almost by definition, change in the time it takes to try on a pair of vinyl pants. Broadway shows, exercise fads, even neighborhoods are all subject to the same Big Apple fickleness. Nowhere else is the challenge so tough, the pace so relentless, the stimuli so ever changing and insistent – and the payoff so rewarding. Simply put, New York never gets boring. Anything can happen here.

The city has a special magnetism--a charisma, if you will--that pulls in the intelligent, the creative, the determined, the overbearing, and the overblown from all over the world. Just about any language and any dialect is spoken here, from Mandarin to Brooklynese; no other dot on the map is quite so ethnically, culturally, and socially diverse. This is the nerve center of world finance and trade. New York is the international hub of advertising, publishing, entertainment, and fashion, the creative core for the arts, the top showcase for pure celebrity. And, now as never before, "The Big Apple" is a huge magnet for travelers from all over the country and around the globe, in search of a brief glimpse of it all.

## Ocho Rios, Jamaica

Once the archetypal sleepy fishing village, Ocho Rios (usually just called "Ochi") has become a favorite landing spot of Caribbean vacationers. The bay is sheltered by lush garden-like mountains and protected by reefs. Ocho Rios hums with markets, shops, restaurants, and discos. Water sports and natural wonders are the attraction here. Dunn's River Falls, a 600-foot waterfall, drops to the beach, and is one of the most photographed and visited waterfalls in the world. Climbing through a series of "staircase" waterfalls provides guests with an unforgettable excursion that is both challenging and exhilarating.

In addition, Ocho Rios boasts some of the best shopping on the island, including Ocean Village, Pineapple Place, and Island Plaza. The main street of Ocho Rios has the highest concentration of restaurants and shops found in the resort city. Jamaican-made products have the best prices and make the best souvenirs.

## Oranjestad, Aruba

In Aruba, when you lie back along the seven-mile stretch of white-sand beach, you'll enjoy an average 82°F daytime temperature, trade winds, and very low humidity. Moreover, peddlers on the beach won't harass you; you'll find it relatively safe.

Aruba stands outside the hurricane path. Its coastline on the leeward side is smooth and serene, with white-sand beaches; but on the eastern coast, the windward Atlantic side, it looks rugged and wild. Dry and sunny almost year-round, Aruba has clean, exhilarating air, like in the desert of Palm Springs, California. Forget lush vegetation here, as Aruba receives only 17 inches of rainfall annually. Its own Palm Beach, one of the best in the world, draws droves of tourists, as do its glittering casinos. Aruba is for vacationers who think that sun-drenched flesh is best complemented by an elegant evening gown.

Though it is still a Dutch protectorate, Aruba became a nation unto itself in 1986. With more than a dozen resort hotels populating its once-uninhabited beaches, it is now one of the Caribbean's most popular destinations.

## Orlando (Port Canaveral), Florida

When visiting Orlando, the urge to do everything in the world, and then some, can be overwhelming. With seven full-blown theme parks, four nighttime entertainment districts, a thriving downtown, a lively local cultural community, hundreds of smaller attractions, and thousands of restaurants, there is a plethora of things to do. Below is listed a few of the many opportunities of fun in Orlando.

Disney's exotic zoological theme park Animal Kingdom opened in 1999. The 500-acre park combines thrill rides, exotic landscapes, and close encounters with wild animals. Another addition to the Disney landscape, DisneyQuest, offers 100,000 square feet of high-tech virtual reality games and interactive activities. And to top it off, Cirque du Soleil, the world-renowned troupe of acrobatic performers, opened a permanent, 1,671-seat theater in Downtown Disney in early 1999. The innovative Disney--MGM Studios theme park, with its movie-magic motif, was countered a year after it opened

by Universal Orlando, which brought in Steven Spielberg as a creative consultant. Church Street Station, a single-price-admission entertainment complex was followed closely by Disney's Pleasure Island, and now

CityWalk at Universal. What's Wet 'n' Wild in town? Disney has three water parks of its own. Sea World is also growing, adding on a second theme park after years of sprucing up the older attractions, and adding a slew of new ones. If you haven't seen Sea World in five years, you are in for a treat.

Universal Orlando, which opened in 1990, continues ambitious expansion plans designed to give Disney some true competition. A nighttime entertainment complex called CityWalk--a direct assault on Pleasure Island and Downtown Disney--opened in late 1998. A second theme park, Islands of Adventure, joined the party in 1999. It targets the young adult and teen audience--okay, all thrill seekers of all ages--with stomach churning thrill rides that are baby boomer favorites, such as Dr. Seuss and Spiderman. Collectively, all the Universal properties are now known as Universal Orlando.

Orlando is not the only place to visit when calling on Port Canaveral. An entire chapter of U.S. history has been written at the John F. Kennedy Space Center (KSC). As the departure site for our first journey to the Moon, and hundreds of scientific, commercial, and applications spacecraft, and now as the base for Space Shuttle launch and landing operations, KSC plays a pivotal role in the nation's space program.

### Philipsburg, St. Maarten

For an island with a big reputation for its restaurants, hotels, and energetic nightlife, St. Maarten is small – only 37 square miles, about half the area of Washington, D.C. An island divided between the Netherlands and France, St. Maarten (Sint Maarten) is the Dutch half, while St. Martin is French. The divided island is the smallest territory in the world shared by two sovereign states. The only way you'll know you're crossing an international border is when you see the sign BIENVENUE PARTIE FRANÇAISE, attesting to the peaceful coexistence between the two nations. The island was officially split in 1648, and many visitors still ascend Mount Concordia, near the border, where the agreement was reached. Even so, St. Maarten changed hands 16 times before it became permanently Dutch.

The Dutch capital, Philipsburg, curves like a toy village along Great Bay. The town lies on a narrow sand isthmus separating Great Bay and the Great Salt Pond. Returning visitors who have been "off island" for a while are often surprised and shocked upon arrival in the St. Maarten of today. No longer a sleepy Caribbean backwater, it has expanded like a boomtown in recent years. Many hotels and restaurants sustained serious structural damage from Hurricane Luis in September 1995, but have since reopened with freshly renovated facilities, new and often better menus, and energized staffs. A sense of freshness and rejuvenation now permeates the island. In fact, you can live far more luxuriously on St. Maarten than you ever could before. Duty-free shopping has turned the island into a virtual mall. The main thoroughfare is busy Front Street, which stretches for about a mile and is lined with stores selling international merchandise, such as French fashions and Swedish crystal. More shops are along the little lanes, known as steegijes, that connect Front Street with Back Street, another shoppers' haven.

The nightlife is among the best in the Caribbean, with lively happy hours and casinos galore. Sunshine is pretty much guaranteed year-round on St. Maarten, so you can swim, snorkel, and sail almost any day. The island's 36 white-sand beaches remain unspoiled, and the clear turquoise waters are even more enticing.

### Playa del Carmen, Mexico

Playa del Carmen, once a soporific, very Mexican fishing village, has mushroomed in recent years and its streets are now packed with tourists bustling about on day packages from Cancun. Prices have been forced up as a result and designer shops have started to move in. Nonetheless, it is lower key and on a smaller scale than Cancun, and attracts a predominantly younger crowd. Most of what happens here happens on the beach, where the sea is gloriously clear and the sand unfeasibly white; inland, the main center of activity is one block back on Av 5, pedestrianized across five blocks from Playacar to C 6. Here, a multitude of dive shops offer diving and snorkeling trips and you can stock up on clothes, crafts and exquisite jewelry from all over Mexico and Guatemala.

### Roatan, Bay Islands (Honduras)

Come discover the unparalleled beauty of Roatan, the largest of eight islands that are collectively known as Las Islas de la Bahia. These islands rest upon the Bonacca Ridge, the result of an enormous crack which runs long the ocean floor, about 40 miles northeast of the north coast of Honduras. Lava from the earth's mantle welled up through this crack and formed the Caribbean plate, which buckled and created the Bonacca Ridge. Roatan is 40 miles long and less than four miles wide at its widest point.

The islands have many attractions -- brilliant blue and clear water, palm-fringed beaches cooled by constant trade winds, exotic plants, and nature trails. One of the finest points about Roatan is the extensive fringing reef system that offers the most spectacular diving and snorkeling in the Western Caribbean. Roatan offers the ultimate getaway. Surrounded by warm Caribbean waters, this hilly island is as picturesque as it is unspoiled.

The warm climate, usually in the '80s, is like the warm greeting you will receive from the friendly inhabitants. The people of Roatan, population of about 30,000, have ancestral origins from eight separate cultures -- English, Spanish, Payan Indians, Garifuna, Afro-Antillean, Anglo-Antillean, Spanish Honduran, and North American. When you have had enough sunning and swimming, you can browse through the shops on West End, visit an aviary with exotic species of beautiful tropical birds, watch dolphins perform, or even swim with one!

### Roseau, Dominica

Largely rural, uncrowded and unspoiled, Dominica touts itself as a 'non-tourist destination' for divers, hikers and naturalists -- partly because it lacks those white-sand beaches so favored by holidaymakers to the Caribbean. The island's main attractions involve strapping on some gear and working up a sweat, making it a great destination if your interests extend beyond lying motionless in the sun.

Dubbed the Caribbean's 'Nature Island,' Dominica has a lush mountainous interior of rainforests, waterfalls, lakes, hot springs and more than 200 rivers, many of which cascade over steep cliff faces en route to the coast. The only way to really experience this fabulous terrain is to pull on your hiking boots and start walking. Get ready to test your calf muscles because the island has the highest mountains in the Eastern Caribbean; the loftiest peak, Morne Diablotin, is 4747 feet (1447 m) high -- not bad for an island measuring only 29 miles (47 km) by 16 miles (26 km).

Apart from its natural splendors, the island has an interesting fusion of British, French and West Indian cultural traditions, and is home to the Eastern Caribbean's largest

Carib-Indian community.  
**San Juan, Puerto Rico**

The capital of Puerto Rico is a spirited modern metropolis with high-rise beach strips, a major commercial center and a justly famous historic colonial core. It dates from the early 16th century, making it the second oldest city in the Americas (after granddaddy Cuzco, Peru). Today it's the engine of the island's economic and political life and the cultural beachhead for US influence in the Caribbean.

For an old timer, San Juan can seem pretty spry - nothing like strips of high-rise hotels and heaps of

Revised: 1/31/2006

\*\*\*Information contained in this document is subject to cha

hard bodies littered about the beaches to make a town look young. Even Old San Juan seems strangely fresh and well preserved given that it's getting on for 500 years old. Many Caribbean adventurers never make it past San Juan: there's a lot to be said for being able to lay a towel down on an unmistakably white Caribbean beach, while having the culture and quaintness of a historic city and the convenience of a modern metropolis just minutes away. But if day tripping appeals, the capital also makes a good base from which to explore the compact island.

### **St. George's, Bermuda**

This unspoiled town overlooking St. George's Harbor was Bermuda's first capital, and remains its most fascinating sightseeing area. The town is steeped in period charm as befits a place that was Britain's second settlement in the New World. Many of its original twisting alleyways and colonial-era buildings remain intact, and several centuries-old structures have been preserved and set aside as museums.

Attractions include Kings Square, where the attractive Town Hall (1782) overlooks the pillory and stocks once used to publicly chastise those who offended colonial mores. Nearby is the ducking stool where gossips and other petty offenders were forced to endure the humiliation of being dunked in the harbor.

The Old State House dates to 1620 and is the oldest building in Bermuda. Although modest in size, it incorporates Italianate features and has a stately appearance apropos to its former role as colonial Bermuda's parliamentary house. To the north is Somers Garden, named after Admiral Somers who, quite literally, left his heart in Bermuda. His vital organs (and his entrails) are contained in a modest tomb in the park. As was customary at the time, the rest of his body was shipped back to England.

The Tucker House is the 18th-century home of one of the islands' most prestigious families and has been well-preserved right down to the period furniture. Dating from roughly the same era is the Old Rectory, an interesting place with the less than scintillating claim to fame of being one of the first houses on the island to have a stone roof.

The Bermuda National Trust Museum occupies a stately colonial structure and concentrates on the role Bermuda played in the U.S. Civil War when St. George's enjoyed unprecedented wealth from helping the southern states run the northern naval blockade.

The original St. Peter's Church, a thatch-and-wood affair constructed in 1612, was one of the oldest Anglican churches in the western hemisphere. The present structure dates from the early 1700s and is a fine building with open timber beams, marble memorials honoring early governors, and a mahogany altar that's the oldest piece of Bermudian furniture on the island.

A handful of waterfront restaurants provide a perfect setting for atmospheric dining. Nearby Tobacco Bay is a good swimming and snorkeling beach when you are through with all the history.

### **St. George's, Grenada**

Dubbed "Spice Island" because of the impressive amounts of nutmeg, cloves, mace, cinnamon, ginger and cocoa grown here, Grenada's dense forests and colorful markets have long attracted

visitors to its fragrant shores. Covering this volcanic island are cascading rivers and lush rainforests, plus centuries-old spice plantations and rum distilleries still using traditional methods of production. With a coastline indented by protected bays and beaches, and a rugged mountainous interior with waterfalls, Grenada appeals to adventure seekers whether they're armed with scuba gear or hiking boots. Because of Grenada's remarkable topography, the island experiences climate changes according to altitude.

The pretty, pastel town St George's is often referred to as one of the most stunning Caribbean harbor cities. The yellow, pink, tangerine, lilac and white 18th-century French and Georgian English architecture of Grenada's capital presents as colorful a mix as the busy market street of Carenage. This center of activity where schooners unload their produce is packed with stalls selling exotic fruit, vegetables and of course, spices.

The azure Grand Etang Lake and nature reserve in the center of the island is situated in the crater of an extinct volcano. Walking through the breathtaking scenery is a chance to see local spice trees and rare tropical flowers that make up the rainforest. The well-tended trails wander around the area's stunning waterfalls, including the rushing Annandale Falls.

There are 45 beautiful beaches in Grenada, and all of them are public property. Grand Anse Beach is a smooth 2-mile expanse of white sand curving around the bay, and a favorite of locals and visitors. Located on the western side of the island, the bay is sheltered and calm, making it an ideal spot for water sports.

### **St. John's, Antigua**

With a population of around 30,000 - nearly half the island's total - bustling St. John's is Antigua's capital and only city. The city has a certain immediate charm and, in the center, there are plenty of attractive old wooden and stone buildings - some of them superbly renovated, others in a perilous state of near-collapse - among the less appealing modern development. It'll only take you a couple of hours to see everything but, even if you're not staying in the capital, you'll probably want to come back for an evening or two to take advantage of some excellent restaurants and bars as well as the city's nightlife.

There's no beach to speak of in St. John's but, a short ride away, Fort Bay has a lovely stretch of sand, absolutely packed at weekends and on holidays, while nearby Fort James is one of the best-preserved colonial forts on the island. The fort overlooks (and once protected) the narrow channel of water that has taken trading ships into the city's harbor for over 300 years.

### **St. Thomas, U.S. Virgin Islands**

St. Thomas, the busiest cruise-ship harbor in the West Indies, is not the largest of the U.S. Virgins - St. Croix, 40 miles south, holds that distinction. But bustling Charlotte Amalie at the heart of the island is the capital of the U.S. Virgin Islands, and it remains the shopping hub of the Caribbean. The beaches on this island are renowned for their white sand and calm, turquoise waters, including the very best of them all, Magens Bay. *National Geographic* rated the island as one of the top destinations in the world for sailing, scuba diving, and fishing.

Charlotte Amalie, with its white houses and bright red roofs glistening in the sun, is one of the most beautiful towns in the Caribbean. It's most famous for shopping, but the town is also filled with historic sights like Fort Christian, an intriguing 17th-century building constructed by the Danes. The town's architecture reflects the island's culturally diverse past. You'll pass Dutch doors, Danish red-tile roofs, French iron grillwork, and Spanish-style patios.

Because of St. Thomas's thriving commercial activity, the island is often referred to as the most "unvirgin" of the Virgin Islands. Charlotte Amalie's Main Street is virtually a three- to four-block-long shopping center. The island's beaches, major hotels, most restaurants, and entertainment facilities are, for the most part, secluded away from the major traffic areas. And you can always find seclusion at a hotel in more remote sections of the island. Hotels on the north side of St. Thomas look out at the Atlantic; those on the south side front the calmer Caribbean Sea.

### **Tortola, British Virgin Islands**

There are parts of the British Virgin Islands so beautiful, you'd want to stay there forever. Think green hills, blue skies, tripped out sunsets, and beaches where the loudest noise is the donk of a coconut dropping on white powdery sand.

Once the hideaway of buccaneers and brigands, the islands now attract a more salubrious yachting crew drawn by steady trade winds, well-protected anchorages and a year-round balmy climate. Its new development at Wickhams Cay, a 70-acre town center project, has transformed the sleepy village capital into more of a bustling center.

Road Town, on Tortola's southern shore, is the capital of the British Virgin Islands and the site of Government House and other administrative buildings. Rugged mountain peaks characterize the entire southern coast of this 24-square-mile island, including Road Town. On the northern coast are white-sand beaches, banana trees, mangos, and clusters of palms.

### **Willemstad, Curacao**

Just 35 miles north of the coast of Venezuela, Curaçao, the "C" of the Dutch ABC islands of the Caribbean, is the most populous of the Netherlands Antilles. Visitors are attracted to its distinctive culture, warm people, duty-free shopping, lively casinos, and water sports. Fleets of tankers head out from its harbor to bring refined oil to all parts of the world.

A self-governing part of the Netherlands, Curaçao was spotted not by Columbus, but by two of his lieutenants, Alonso de Ojeda and Amerigo Vespucci, in 1499. The Spaniards exterminated all but 75 members of a branch of the peaceful Arawaks. However, they in turn were ousted by the Dutch in 1634, who also had to fight off French and English invasions. The Dutch made the island a tropical Holland in miniature. Pieter Stuyvesant, stomping on his peg leg, ruled Curaçao in 1644. The island was turned into a Dutch Gibraltar, bristling with forts. Thick ramparts guarded the harbor's narrow entrance; the hilltop forts (many now converted into restaurants) protected the coastal approaches. In the 20th century, it remained sleepy until 1915, when the Royal Dutch/Shell Company built one of the world's largest oil refineries to process crude from Venezuela. Workers from some 50 countries poured onto the island, turning Curaçao into a polyglot, cosmopolitan community.

The largest of the Netherlands Antilles, Curaçao is 37 miles long and seven miles across at its widest point. Because of all that early Dutch building, Curaçao is the most important island architecturally in the entire West Indies, with more European flavor than anywhere else. Classic Dutch-style windmills are scattered in and around Willemstad, the capital, and in parts of the countryside.

## Destination Selling Features

### Basseterre, St. Kitts

- ❖ Gorgeous, green, and volcanic St. Kitts has pink beaches, a magnificent mountain coastline, and picturesque fishing villages.
- ❖ Boasts a colorful history of pirates and perhaps the Caribbean's most impressive fortress, 300-year-old Brimstone Hill

### Belize City, Belize

- ❖ Finds much in common with its island neighbors of the Caribbean Sea
- ❖ Easy going Caribbean atmosphere can be noticed.
- ❖ The people of this city represent every ethnic group in Belize.
- ❖ Some of the best diving in the world
- ❖ Dramatic Mayan ruins looming out of untouched jungle
- ❖ Secluded eco-lodges cater to the most sedentary adventurers.

### Boston, Massachusetts

- ❖ Cosmopolitan sophistication on a comfortable scale, balancing celebration of the past with pursuit of the future
- ❖ Plymouth's Pilgrim heritage, the rugged coast and maritime tradition, and Cape Cod's beaches are well worth exploring.
- ❖ A gateway to the rest of New England
- ❖ Home to more colleges and universities in the U.S. than any other city
- ❖ Nearby Lexington and Concord, where "the shot heard round the world" was fired in 1775 to begin the Revolution
- ❖ Diverse ethnicities abound, offering many exotic tastes and foods to enjoy
- ❖ Boston Common, either on or near its grounds, houses many of the city's most historical sites, including the State House, Granary Burying Ground, and Old South Meeting House.

### Bridgetown, Barbados

- ❖ Sophisticated, yet slow-paced tropical getaway filled with palm-fringed beaches
- ❖ Harrison's cave, filled with underground streams, thundering waterfalls, stalactites, and stalagmites
- ❖ Careenage serves as this capital city's center of activity with numerous sleek yachts in the harbor.

### Cancún, Mexico

- ❖ Showcases both the country's breathtaking natural beauty and the depth of its thousand-year-old history
- ❖ The sheer number of annual travelers to Cancún underscores the magnetic appeal of this resort on Mexico's eastern coast.
- ❖ Cancún is the peak of Caribbean splendor with translucent turquoise waters and powdery white-sand beaches, coupled with coastal areas of great natural beauty.

### Charleston, South Carolina

- ❖ Historically romantic, Old South city provides all notions of antebellum days
- ❖ Cited in *Condé Nast Traveler* as the fourth top city to visit in America
- ❖ Known for its rich tastes and culture – paintings by Verner, ironwork by Simons, and the internationally renowned Spoleto Festival USA

### Costa Maya, Mexico

- ❖ Unspoiled coastal paradise along the Yucatan, just south of Cozumel and Cancún
- ❖ Exotic wildlife abounds, such as butterflies, tropical birds, deer, monkeys, and jaguars.

### Cozumel, Mexico

- ❖ One of the top Caribbean destinations for any vacationer
- ❖ Fabulous snorkeling, scuba diving, sailing, and water sports
- ❖ Ancient Mayan ruins of Tulum or the lagoons of Xel-Ha and Xcaret offer adventurous excursions.
- ❖ Extensive duty-free shopping and international restaurants

### **George Town, Grand Cayman**

- ❖ Capital city serves as the hub of government, banking, and shopping.
- ❖ Wonderful duty-free shopping filled with English porcelain and crystal
- ❖ Some of the best wreck diving in the world, coupled with powdery white, sandy beaches

### **Great Stirrup Cay, Bahamas**

- ❖ NCL's private tropical island
- ❖ Enjoy water sports such as snorkeling, kayaking, or sail boating
- ❖ Fill up on a delicious beachside barbecue, and then snooze in a hammock under a shady palm

### **Houston, Texas**

- ❖ The largest and most cosmopolitan city in Texas
- ❖ Third-largest seaport in the United States
- ❖ Houston's downtown is filled with ethnic food booths, arts and crafts, kiosks, and other interesting exhibits--all in an open-air market atmosphere.

### **Key West, Florida**

- ❖ Laid-back, party town offers great nightlife, dancing, bars, and clubs.
- ❖ One-time home to Ernest Hemingway, Jimmy Buffett, and Florida's best key lime pie
- ❖ Beautiful, calm waters off the Atlantic ideal for water sports, beach goers

### **King's Wharf, Bermuda**

- ❖ British chose this site at the western tip of Bermuda as their 'Gibraltar of the West.'
- ❖ Served as a dockyard facility and re-supply depot for ships heading between Nova Scotia and the British West Indies
- ❖ The fort is built of limestone blocks in Georgian style and was first used by the British navy as a base to launch their raid on Washington, D.C., in 1814.
- ❖ Dockyard now includes the fascinating Bermuda Maritime Museum, located in the fort's former keep, an atmospheric pub, a movie theatre, a craft market, and the Bermuda Snorkel Park.

### **Miami, Florida**

- ❖ Mosaic of cultures and lifestyles
- ❖ Home of Vizcaya and nightlife of the art deco district, South Beach
- ❖ Home of the Everglades National Park
- ❖ Two Miami characteristics remain constant -- predictable year-round warmth and its location on a peninsula pointing emphatically toward so many other nations.
- ❖ Known as "The Capital of the Americas," Miami serves as Latin American and international headquarters for hundreds of multinational corporations.

### **Montego Bay, Jamaica**

- ❖ Jamaica's tourism capital
- ❖ It boasts the most hotel accommodations, the most transport facilities, and is a cosmopolitan holiday center, offering a wide choice of amenities.
- ❖ Three distinct areas in Montego Bay: the city itself, the "hotel area," and the outlying hotels and villas on the beach or hillside
- ❖ Nature lovers' paradise – beautiful beaches, hot fun in the sun, reggae, and great cuisine
- ❖ Wind your way down the Martha Brae River on a bamboo raft

### **Nassau, Bahamas**

- ❖ Just feet away from Paradise Island, celebrated for its white-sand Paradise Beach
- ❖ Atlantis Resort & Casino a popular visiting spot for gaming enthusiasts
- ❖ Beautiful foliage, red hibiscus and groves of exotic casuarinas trees form a tropical arcade

### **New Orleans, Louisiana**

- ❖ Magical and seductive, the city is a visual delight, from the lacy ironwork wrapped around the buildings of the French Quarter to the stately, graceful old homes of the Garden District to the giant oaks that stretch across Esplanade Avenue or drip with ghostly Spanish moss in City Park.
- ❖ Go to New Orleans just to eat, drink, listen to music, dance, and walk.

### **New York, New York**

- ❖ Renowned as one of the world's greatest cities – a must see for anyone
- ❖ Fast-paced, Wall Street, Broadway, Times Square, Madison Square Garden
- ❖ International hub of publishing, entertainment, fashion, and pure celebrity

### **Ocho Rios, Jamaica**

- ❖ Dunn's River Falls offers guests an exciting trek through cascading waterfalls.
- ❖ Beautiful blue mountains, powdery sand beaches, hot reggae music, and hotter cuisine
- ❖ Boasts some of the best shopping on the island, including Ocean Village and Pineapple Place

### **Oranjestad, Aruba**

- ❖ Famous seven-mile stretch of white-sand beach
- ❖ Romantic destination known for its beautiful weather, white-sandy beaches, and crystal oceans
- ❖ Fabulous dining experiences filled with international flavors and tastes
- ❖ Perfect for those vacationers who want to "get away from it all"

### **Orlando (Port Canaveral), Florida**

- ❖ With seven full-blown theme parks, four nighttime entertainment districts, a thriving downtown, a lively local cultural community, hundreds of smaller attractions, and thousands of restaurants, there is a plethora of things to do in Orlando, which is the major attraction serviced by Port Canaveral.
- ❖ Gateway to the magical theme parks of Orlando such as Walt Disney World, Universal Studios, and Sea World
- ❖ Offers plentiful shopping, fine dining, and fun for the whole family
- ❖ John F. Kennedy Space Center (KSC), the departure site for our first journey to the Moon, and hundreds of scientific, commercial, and applications spacecraft, is located here; serves as the base for Space Shuttle launch and landing operations, and plays a pivotal role in the nation's space program.

### **Philipsburg, St. Maarten**

- ❖ Offers some of the best nightlife in the Caribbean with lively happy hours and casinos galore
- ❖ Busy Front Street offers upscale stores selling international merchandise, such as French fashions and Swedish crystal.
- ❖ Sunshine, clear turquoise waters, and white sandy beaches offer year-round water sports.

### **Playa del Carmen, Mexico**

- ❖ fishing village, has mushroomed in recent years and its streets are now packed with tourists bustling about on day packages from Cancun.
- ❖ Attracts a predominantly younger crowd.
- ❖ Most of what happens here happens on the beach, where the sea is gloriously clear and the sand unfeasibly white; inland, the main center of activity is one block back on Av 5, pedestrianized across five blocks from Playacar to C 6.
- ❖ Here, a multitude of dive shops offer diving and snorkeling trips and you can stock up on clothes, crafts and exquisite jewelry from all over Mexico and Guatemala.

### **Roatan, Bay Islands (Honduras)**

- ❖ Brilliant blue and clear water, palm-fringed beaches, exotic plants, and nature trails
- ❖ Extensive fringing reef system offers the most spectacular diving and snorkeling in the Western Caribbean.
- ❖ People's ancestral origins from eight separate cultures -- English, Spanish, Payan Indians, Garifuna, Afro-Antillean, Anglo-Antillean, Spanish Honduran, and North American
- ❖ Aside from the unspoiled beaches, browse through the shops on West End, visit an aviary with exotic tropical birds, or swim with the dolphins.

### **Roseau, Dominica**

- ❖ Dubbed the Caribbean's 'Nature Island'
- ❖ Ideal spot for divers, hikers, and naturalists

- ❖ Lush mountainous interior of rainforests, waterfalls, lakes, hot springs, and more than 200 rivers make this a paradise for excursionists.
- ❖ Highest mountains in the Eastern Caribbean – Morne Diablotin is 4,747 feet (1,447 meters) high

#### **San Juan, Puerto Rico**

- ❖ Capital of Puerto Rico is a spirited modern metropolis with high-rise beach strips, a major commercial center and a justly famous historic colonial core.
- ❖ Second oldest city in the Americas
- ❖ Today it is the engine of the island's economic and political life and the cultural beachhead for US influence in the Caribbean.
- ❖ Heaps of hard bodies littered about the beaches

#### **St. George's, Bermuda**

- ❖ Attractions in the city include: Kings Square, Town Hall, the Old State House, Somers Garden, the Tucker House, the Old Rectory, and the Bermuda National Trust Museum.
- ❖ St. Peter's Church, one of the oldest Anglican churches in the Western Hemisphere
- ❖ Quaint old homes with walled gardens along narrow streets
- ❖ Beautiful, white sandy beaches
- ❖ Fabulous snorkeling and scuba diving for all levels
- ❖ Renowned Crystal Caves

#### **St. George's, Grenada**

- ❖ "Spice Island" because of the impressive amounts of nutmeg, cloves, mace, cinnamon, ginger and cocoa grown here
- ❖ Grenada has a coastline indented by protected bays and beaches, and a rugged mountainous interior with waterfalls, Grenada appeals to adventure seekers whether they're armed with scuba gear or hiking boots.
- ❖ The azure Grand Etang Lake and nature reserve in the center of the island is situated in the crater of an extinct volcano.
- ❖ Breathtaking scenery, a chance to see local spice trees and rare tropical flowers that makes up the rainforest. The well-tended trails wander around the area's stunning waterfalls, including the rushing Annandale Falls
- ❖ There are 45 beautiful beaches in Grenada, and all of them are public property

#### **St. John's, Antigua**

- ❖ Exciting nightlife, filled with excellent restaurants and bars
- ❖ Fort James still one of the best-preserved colonial forts on the island.

#### **St. Thomas, US Virgin Islands**

- ❖ Most heavily visited of the US Virgin Islands
- ❖ Superb beaches (especially Magens Bay) contrast with chic boutiques and chimerical houses
- ❖ Town of Charlotte Amalie is most famous for its shopping.
- ❖ Filled with historic sights like Fort Christian, an intriguing 17<sup>th</sup> century building constructed by the Danes
- ❖ Rated by *National Geographic* as one of the top destinations in the world for sailing, scuba diving, and fishing

#### **Tortola, British Virgin Islands**

- ❖ Year-round balmy climate attracts yachting crews.
- ❖ Green hills, blue skies, pink sunsets, and powdery sand

#### **Willemstad, Curacao**

- ❖ Caressed by gentle trade winds and perennially sunny skies, Curacao is the perfect spot for water sports, reef diving, and walks along the beach.

## CARIBBEAN ITINERARIES BY SHIP

Norwegian Cruise Line's 2005 and 2006 Caribbean itineraries for the Norwegian Crown, Dawn, Dream, Jewel, Majesty, Sea, Spirit, and Sun appear on the following pages:

**NORWEGIAN DAWN**

NORWEGIAN DAWN 2006-2007
